

General Contractor and Subcontractor Identification

General Information	
General Contractor Name	EIN
Name and Address of Project:	Length of Job
Project Manager	Phone No.

Any general contractor entering into a contract for work or improvements in the City must withhold all city income taxes due and payable. Additionally, all sub-contractors engaged for works or improvement in the City are required to withhold such taxes due for services performed on behalf of the general contractor.

Please provide the following information for all sub-contractors so engaged. A supplemental form may be submitted should changes occur during the course of a project. If, at the time of application, the contractor has not been determined, please indicate by placing TBD in the contractor field.
